

To request a Time Extension (TE) or Alternative Diversion Requirement (ADR), please complete and sign this request sheet and return it to your Office of Local Assistance (OLA) representative at the address below, along with any additional information requested by OLA staff. When all documentation has been received, your OLA representative will work with you to prepare for your appearance before the Board. If you have any questions about this process, please call (916) 341-6199 to be connected to your OLA representative.

Mail completed documents to:

California Integrated Waste Management Board
Office of Local Assistance, (MS 25)
1001 I Street
PO Box 4025
Sacramento CA 95812-4025

General Instructions:

For a Time Extension complete Sections I, II, III-A, IV-A, and V.

For an Alternative Diversion Requirement complete Sections I, II, III-B, IV-B and V.

Section I: Jurisdiction Information and Certification <i>All respondents must complete this section.</i>			
I certify under penalty of perjury that the information in this document is true and correct to the best of my knowledge, and that I am authorized to make this certification on behalf of:			
Jurisdiction Name		County	
City of Rialto		San Bernardino	
Authorized Signature 		Title Director of Aviation/Solid Waste Management	
Type/Print Name of Person Signing	Date	Phone	
Richard M. Scanlan	2-1-05	(909) 820-2622	
Person Completing This Form (please print or type)		Title	
Barbara Dellinger		Sr. Admin. Analyst

(909) 820-2525 ext 2211	bdellinger@rialto.ca.gov	(909) 820-2598	
Mailing Address	City	State	ZIP Code
150 South Palm Ave.	Rialto	CA	92378

Section II—Cover Sheet

This cover sheet is to be completed for each Time Extension (TE) or Alternative Diversion Requirement (ADR) requested.

1. Eligibility

Has your jurisdiction filed its Source Reduction and Recycling Element, Household Hazardous Waste Element, and Nondisposal Facility Element with the Board (must have been filed by July 1, 1998 if you are requesting an ADR)?

☐ No. If no, stop; not eligible for a TE or ADR.

☒ Yes. If yes, then eligible for a TE or ADR.

2. Specific Request and Length of Request

Please specify the request desired.

☐ **Time Extension Request**

Specific years requested _2003, 2004, 2005_____

Is this a second request? ☒ No ☐ Yes Specific years requested. _____
(Note: Requests for an additional extension will need to address why the jurisdiction's efforts to meet the 50% goal by the end of the first extension were not successful.)

☐ **Alternative Diversion Requirement Request (*Not allowed for Regional Agencies*).**

Specific ADR requested _ _____%, for the years _ _____.

Is this a second ADR request? ☐ No ☐ Yes Specific ADR requested _ _____%, for the years _ _____.

(Note: Requests for an additional ADR will need to address why the jurisdiction's efforts to meet 50% by the end of the first ADR period were not successful.)

Note: Extensions may be requested anytime by a jurisdiction, but will only be effective in the years from January 1, 2000 to January 1, 2006. An original request for a TE/ADR may be granted for any period up to three years and subsequent requests for TE/ADR may extend the original request or be based on new circumstances but the total number of years for all requests cannot total more than five years or extend beyond January 1, 2006.

Section IIIA—TIME EXTENSION

Within this section, discuss your jurisdiction's progress in implementing diversion programs that were planned to achieve 50%. Provide any additional information that demonstrates "good faith effort." The CIWMB shall determine your jurisdiction's progress in demonstrating "good faith effort" towards complying with AB 939. Note: The answers to each question should be comprehensive and provide specific details regarding the jurisdiction's situation.

Attach additional sheets if necessary—please reference each response to the appropriate cell number (e.g., IIIA-1).

1. Why does your jurisdiction need more time to meet the 50% goal? Describe why SRRE selected programs did not achieve 50% diversion. Identify barriers to meeting the 50% goal and briefly indicate how they will be overcome.

The City of Rialto made great strides in reaching the 50% diversion goal by starting with a curbside residential yard waste service which provided unlimited capacity. Next the City imposed a mandatory service ordinance and implemented a curbside automated disposal service system which included 60 gal. refuse and 60 gal. comingled recycling containers. This program has continued successfully with incentives/disincentives such as increased charges for additional trash barrels and clean bin contests to reduce contamination. The City has struggled with effective commercial recycling programs mostly due to the number of small businesses. It is either not cost effective for them to get recycling bins or they do not have the space for such. The City continues to work with its waste hauler to develop business acceptable programs. Staff has completed an audit of businesses and have developed a list of those with high recyclable waste content for a "direct load" program, which eliminates the need for an additional bin. Staff has also been working with San Bernardino County (through Zero Waste Communities of San Bernardino County) in developing self haul recycling at the local landfill.

2. Why does your jurisdiction need the amount of time requested? Describe any relevant circumstances in the jurisdiction that contribute to the need for a Time Extension.

Currently, a major freeway is being constructed through the City north end, an area with a lot of open land. This has created interest in commercial and residential development in the last few years. The City will need to aggressively address this change in its commercial make-up and is in the process of implementing programs relative to the business community. This additional time will allow for these programs to get up and running effectively.

3. Describe your jurisdiction's Good Faith Efforts to implement the programs in its SRRE.

The City of Rialto has had an indepth school environmental program for almost ten years. The public is reminded of the need to recycle and is informed of changes in our program in a variety of ways such as: quarterly newsletters, city-wide publications, public television announcements, community events, and participation in regional larger scale programs. Rialto led San Bernardino County in its diversion in late 1990's through its residential and school programs.

Rialto also has hosted a Household Hazardous Waste facility for ten years and has seven certified oil centers. We assist our residents by providing low-cost compost bins, free sharp's disposal containers, and free used oil containers. Recent negotiations netted free curbside pick-up of CRT's for residents through our hauler.

The City has also made many purchases of recycled content materials such as: signs, benches, picnic tables, shirts, and carpeting in encouraging the use of recycled content products.

4. Provide any additional relevant information that supports the request.

The City recently negotiated the diversion of street sweeping debris from the local the landfill. The sweepings will be screened of debris and used for ADC. This program is starting March 2005.

Section IIIB—ALTERNATIVE DIVERSION REQUIREMENT

Within this section, discuss your jurisdiction's progress in implementing diversion programs that were planned to achieve 50%. Provide any additional information that demonstrates "good faith effort." The CIWMB shall determine your jurisdiction's efforts in demonstrating "good faith effort" towards complying with AB 939. Note: The answers to each question should be comprehensive and provide specific details regarding the jurisdiction's situation.

Attach additional sheets if necessary—please reference each response to the appropriate cell number (e.g., IIIB-1.).

1. Why does your jurisdiction need and Alternative Diversion Requirement? Describe why SRRE selected programs did not achieve 50% diversion. Identify barriers to meeting the 50% goal and briefly indicate how they will be overcome.

2. Why is your jurisdiction requesting an Alternative Diversion Requirement in lieu of a Time Extension?

3. Describe your jurisdiction's Good Faith Efforts to implement the programs in its SRRE.

4. Describe any relevant circumstances in the jurisdiction that contribute to the need for an ADR. Provide any relevant information that supports the request.

Section IV A—PLAN OF CORRECTION

A Plan of Correction is required by PRC Section 41820(a)(6)(B). The plan is fundamentally a description of the actions the jurisdiction will take to meet the 50% goal by the expiration of the Time Extension.

Attach additional sheets if necessary.

Residential %		41	Non-residential %		59
PROGRAM TYPE Please use the Board's Program Types. The Program Glossary is online at: www.ciwmb.ca.gov/LGCentral/PARIS/Codes/Reduce.htm	NEW or EXPAND	DESCRIPTION OF PROGRAM	FUNDING SOURCE	DATE FULLY COMPLETED	ESTIMATED PERCENT DIVERSION
MRF	E	The "select load" program will focus on businesses with a large amount of recyclables such as cardboard and paper in their waste. Their trash will be collected and taken to the MRF for sorting. These materials are recovered without the need for a recycling bin and the necessary space for such, and any increase in fees to the customer.	Existing hauler fees	Ongoing	1%
Material Exchange	E	The City has sponsored a free City-wide yard sale each year since 1999 to promote Second Chance Week. Each year the participation has increased by an average of 20%. We will continue to sponsor this program and plan to develop a more widespread promotion through a regional newspaper. San Bernardino County has joined with Cal Max and the City will promote this exchange program to its businesses and non-profits, in addition to local residents, via City publications.	City AB 939 funds	Ongoing	<1%
Commercial On-site Pickup	N	The City has recently developed a list of bars, restaurants and nightclubs for our waste hauler to develop a glass beverage container collection program.	Hauler fees	Expected program development completed by June 2005; program ongoing	1%
Commercial Self-haul	N	Through membership in the Zero Waste Communities of San Bernardino County, a self-haul survey has been completed and it is expected that an on-site landfill recycling program will be implemented by San Bernardino County in 2005.	Tipping Fees	late 2005	1%
Special Collection Events	N	In negotiations with our hauler, two bulky item pick-ups were added in April 2004. If this reduces self-haul of these bulky items by residents recyclables (such as metals) can be pulled out.	Hauler fees	Ongoing	<1%
Concrete/Asphalt/Rubble	N	The City decided to increase its street sweeping activity and in looking at the program decided to screen the debris and divert the clean dirt. Estimated at 2500 tons.	Franchise agreement	Ongoing	3%
Total Estimated Diversion Percent From New and/or Expanded Programs					6%
Current Diversion Rate Percent From Latest Annual Report					44%

		Total Planned Diversion Percent Estimated	50%
PROGRAMS SUPPORTING DIVERSION ACTIVITIES			
PROGRAM TYPE	NEW or EXPANDED	DESCRIPTION OF PROGRAM	DATE FULLY COMPLETED
Electronic (TV, Web)	E	Through the Zero Waste Communities of San Bernardino County short recycling commercials have been developed for each City to play on community television. Zero Waste Communities has also redesigned its website making it more user friendly and informative. The City has also redesigned its site which includes links to ZWC and the hauler.	Implementation 1/05
Print (brochures, newsletters)	N	Staff will be developing a school environmental newsletter to supplement our school classroom programs. This will probably be distributed at the beginning of the school year and again before Science Fair time.	Ongoing
Outreach	N	<p>The City started a "clean bin" contest, sponsored by the hauler, in the fall of 2003. A list of acceptable and non-acceptable recyclables were distributed along with an explanation of the recycling process. Residents sent in entry forms and one was picked each week randomly. The contestants recycling barrel was then inspected and if there was minimal contamination, the resident could win \$100. There was a good participation rate, but the program needs to be repeated with information included in Spanish.</p> <p>Through the local Chamber of Commerce, we will introduce the glass bottle collection program. Signage and interior containers will be offered. Window decals indicating program participation will be issued and participants will be highlighted in newsletters.</p>	<p>First phase completed in April 2004.</p> <p>Ongoing program; implementation 6/05.</p>

Section IV B—GOAL ACHIEVEMENT

Goal Achievement describes the activities the jurisdiction will use to achieve the ADR.

Section V – PARIS

Office of Local Assistance staff will be reviewing your Jurisdiction's Planning Annual Report Information System (PARIS) database printout as part of the evaluation of your request. Should the Jurisdiction have updates or revisions to the program implementation from the latest Annual Report submitted to the Board, please attach to the application the Jurisdiction's PARIS database printout showing updates or revisions.

Contact your Office of Local Assistance Representative at (916) 341-6199 for a copy of PARIS, or go to the Board's website at www.ciwmb.ca.gov/LGCentral/PARIS/.
